Welcome to the IAFF MERP Member Portal

The IAFF MERP Member Portal is a secure, self-service website that allows both active and separated members to:

- View account balances
 - Track employer and employee contributions
 - See Lump Sum Transfers and ASU earned to date
- Use the Benefit Calculator to estimate projected IAFF MERP benefits at retirement

Important: Effective July 1, 2025, administration of the IAFF MERP has transitioned from Vimly to Benefit Programs Administration (BPA).

As part of this transition, BPA is currently verifying all Member Portal data, including account balances. Please be aware that:

- Some information may be updated or revised as verification is completed
- Detailed historical data may be temporarily unavailable during this process

We appreciate your patience as BPA finalizes the transition and ensures the accuracy of all member records.
